

Notice of Online Public Information Centre

February 6th, 2025

For Immediate Release

Notice of Online Public Information Centre for Transportation Master Plan

According to the 2021 census data, the Township of Bonnechere Valley has a total population of 3,898. This is a 6.1% increase from 2016. Hence, indicating steady growth within the Township. To strategically prepare for this growth and enhance the municipality's existing transportation network, the Township of Bonnechere Valley retained Egis to undertake the development of the municipality's first ever Transportation Master Plan (TMP).

The TMP is a strategic policy document that will serve as a road map for short-range, medium-range, and long-range transportation infrastructure investments, as well as multi-modal transportation planning.

The Process

The TMP update will be developed in accordance with the Provincial Environmental Assessment (EA) Act, following the Approach 1 as outlined in the 2023 Municipal Class Environmental Assessment (MCEA) document. The TMP will cover Phase 1, Problem and Opportunity, and Phase 2, Alternative Solutions, of the MCEA process and facilitate streamlining and implementation of recommended capital works.

Have your say

An important part of this study is consultation with the public, stakeholders, and the municipality's agency partners. We want to hear from you on the issues and opportunities that you see for the Township's transportation system to the horizon year of 2034.

The project team will host the Public Information Centre (PIC) for the project to gather public input and present findings of the study.

Details for the Public Information Centre are as follows:

Public Information Centre (PIC) Details

For the public's convenience, the PIC will be livestreamed online.

PIC Meeting:

Date: February 26th, 2025

Time: 7:00 pm – 8:00 pm

Location: Microsoft Teams – Virtual

Notice of Online Public Information Centre

Meeting Link:

You can attend the Transportation Master Plan PIC through the virtual meeting link provided below:

[Click here to join the meeting](#)

The PIC will be broadcasted on Teams in a virtual style session. Please note that the formal presentation will start promptly at 7:00 pm. At the virtual PIC, you will be able to learn about our approach and our findings, ask us questions using the chat feature, and share your thoughts and opinions. Your participation in the PIC is important to us.

If you are unable to attend the PIC online, the recording of the presentation will also be made available online.

Accessible formats and communication supports are available upon request. The Township of Bonnechere Valley is committed to accessibility for persons with disabilities. Please contact jasonz@eganville.com if you have an accessible accommodation request.
